WHERE QUALITY AND PRICE MEET

Rugby.

The regular monthly meeting of the Rugby W. I. was held at the home of Mrs. Otto Krebs, on Thursday, April 7th with sixteen members and one visitor present. After the business was completed, the subject for the afternoon "Education and Better Schools," was taken up, under the able leadership of Mrs. Parker, who gave a most lively discussion following afterwards on various school problems. Many of the members expressed themselves as being in favor of forming Parent-Teacher's Association in the different school districts in connection with the Institute and it seems probable this work will be taken up. The meeting closed with "God Save the King" and lunch was served. Next month's meeting will be held at the home of Mrs. C. Youngs. The subject for the program will be "Immigration," by Mrs. O. A. Swingle.

On Friday evening the "Cheer Up Club" closed their meetings for the winter season with a dance in Rugby school. The crowd was small, but those who braved the bad roads were well rewarded for everyone certainly spent a most enjoyable evening free of charge. The music was supplied by the Home Orchestra, "Home Sweet Home" was played about 2 a.m. then the National Anthem was sung and the folks went home tired but happy. The next festivity at Rugby will be a "Spring-Cleaning" Bee, to take place during the Easter recess. We hope for a good crowd.

Burnside.

The Burnside U.F.A. went over in a body to the Mountain View Community hall on Monday evening, April 11th and held their regular monthly meeting there. After the regular business the President called on Mr. McLean; Vice-president, Mr. Fred Boulton, past president, and Mr. Dave Irwin, president of the Didsbury local, who each made a few remarks. Mr. A. B. Claypool, M.L.A. gave a splendid address on the Live Stock Pool and Live Stock situation in general.

Mr. H. E. G. Schofield, Vice-president of the U.F.A. gave a masterly address on "Why I should join the U.F.A."

The attendance was very gratifying, over 100 people being present to listen to the various speakers. A new local was then organized to be called Mountain View Local with Mr. Hugh Roberts as president and Mrs. J. Haynes as secretary for the time being. On Monday evening, April 25th an organization meeting will be held and officers elected for the year. The Burnside and Didsbury U.F.A. locals are invited to be present. After the meeting the ladies served a bountiful lunch. The president of the Burnside U.F.A., Mr. G. A. Burns, the secretary Mrs. Eckel and the rest of the executive are to be congratulated in their efforts to organize a local in this prosperous district of Mountain View.

We extend congratulations to Miss Ella Housier and Mr. Wm. Devolin who were married recently.

Mr. Fred Metz of Carstairs, pent Sunday at his home here. Mr. and Mrs. Weber and family moved to Calgary last

Where Canada Leads the World

Canada exports more wheat than any other country in the world. It produces most of the world's supply of nickel. Within the last two years it has passed the United States in the production of newsprint and is now the greatest exporter in the world. Isolated facts, such as these, are becoming common knowledge amongst Canadians, but it is doubtful if, as yet, they fully appreciate the gigantic strides made by the Dominion in gaining a position of first importance among the trading nations of the world.

The jubilee year of Confederation is a good time to take stock of our national achievements, not that we should become boastful as a people, but as an encouragement and an incentive to still greater things. It has been charged that Canadians suffer from an inferiority complex; that we are more inclined to belittle our country and its possibilities than to boast of them; that, as a consequence, we are apt to entertain doubts and be fearful of the future instead of displaying confidence and courage.

It is a good thing, therefore, to sometimes get a glimpse of ourselves as others see us. There is inspiration in such tributes as the following:

The National Foreign Trade Council of New York, in a recent statement, says Canada has led all nations in increase of external trade since 1913, with an increase of 85 per cent. as compared with Australia's 15 per cent., and 31 per cent. for the United States.

The League of Nations Bureau recently issued a report showing that Canada's per capita wealth had grown from \$1,100 in 1903 to \$2,406 in 1926—a record unequalled by any other nation in history.

The National Bureau of Research of the United States recently published the results of 17 years' trading, showing that Canada had enjoyed more prosperity than any other nation.

During the years covered by these statements, the Western Provinces of Canada have been transformed from being a vast area, with a sparse population and a meagre production, into a community of over two million people and with an agricultural production of such magnitude as to command the attention of the whole world, and constituting a factor to be reckoned with in all the world markets.

The development of the West has had its effect on the rest of Canada, as is well recognized, but Western people possibly do not fully appreciate the rapid growth and development which has taken place in the older provinces in the east. Manufacturing production in Canada has grown from 214 millions of dollars in 1901 to 1,311 millions in 1925, and in export of manufactured products expanded in the same time by 2,729 per cent. Today Canada exports some millions of dollars' worth of manufactured goods more than she imports, a complete reversal of the situation as recently as five years ago.

Canadian manufacturers are beginning to profit from the lessons of the past. They realize that the people of Canada as a whole will not stand for protective tariffs so high that they are prohibitive, and that the tendency is in the direction of lower rather than higher tariff. They now know they must rely on something more than a protective tariff to ensure success and make profits. As a result they have scrapped much obsolete machinery, have adopted improved manufacturing methods, have not only cultivated the home market better through the giving of real service, but they have aggressively entered foreign markets and have built up a worth-while export trade. All their eggs are no longer in one basket.

They are beginning to appreciate the wisdom and strength of a Canadian policy of negotiating trade treaties with other countries, and to recognize and accept the fact that international trade cannot be all one-sided; that, in a word, if Canada is to sell largely in foreign markets, she must, in turn, buy in those markets. Canada's manufacturers and financiers are also, to an increasing extent, investing in the development of the natural resources of the Dominion instead of relying on the importation of raw and semi-manufactured materials which the Dominion itself can supply.

It is because of a growing recognition and application of these truths that Canada is today leading the world in the growth and development of external trade.

Empire Mining Congress

Delegates From All Parts of the
World to Meet in Montreal

Nearly seven hundred delegates have registered at the Montreal headquarters for the second Triennial Empire Mining Congress which is to be held in Canada, August 22 to September 28 next. Great Britain is sending 300 delegates of both sexes and United States about 100. India, the Federated Malay States, Palestine, most of the different countries that make up the Continent of Africa, Australia, New Zealand, Tasmania, and all the principal European countries will be represented. The Canadian Institute of Mining and Metallurgy is the convening body for the Congress.

Norse Convention

Arrangements are already under way for the big Norse convention to be held in Winnipeg next year. Preliminary estimates of the attendance places it at 25,000.

If a man had as many wives as Solomon he would wonder if some other one wouldn't have suited him better.

As a vermifuge an effective preparation is Mother Graves' Worm Expeller, and it can be given to the most delicate child without fear of injury to the constitution.

Light-haired drivers are said to be better drivers than dark-haired ones. Also, pedestrians are more gray-haired than they used to be.

More Hungarians Will Emigrate to Canada

New Settlers Are All Accustomed to Farm Work

From March of this year until October, the number of Hungarian immigrants to be settled in Western Canada by the Canadian Hungarian Colonization Board will number about 2,500, according to Dr. J. Ujvary, Winnipeg, president of the Board.

Hungary, like Canada, is an agricultural country, Dr. Ujvary explained, and the immigrants that are brought out here are all accustomed to farm work. "The farmers here, report to the Board the number of laborers they require and the order for that number is sent to Hungary," Dr. Ujvary said. Since the war, he explained, most of the Hungarians who came to this country were very poor and could not think of buying land at first. They were therefore placed on farms as laborers until they earned sufficient money to start out for themselves. Occasionally, the doctor said, a man came with some capital and wanted to start for himself.

Wheezy Chest Colds Subdued Over Night

Trained Nurse Tells How Colds Are Quickly Broken Up

NERVILINE

A Home Necessity

Speaking of valuable home remedies that every mother should always keep on hand, Nurse Carrington says: "I haven't met any preparation more dependable than 'Nerviline.' It is the ideal liniment; every drop rubs in—it is absorbed quickly, eases and relieves congestion in a short time. For chest colds, pain in the side, stiff neck, earache and toothache, I have found Nerviline invaluable. In treating the minor ills that arise in every home, nothing is more efficient than Nerviline."

For nearly fifty years Nerviline has been a household article in thousands of Canadian homes. Get a 25c. bottle to-day.

A special train of 10 cars recently carried 160 farm tractors direct from a Chicago factory to Rosetown, Sask., where 160 farmers of that district have taken delivery of one each.

MOTHERS PRAISE BABY'S OWN TABLETS

Mrs. L. M. Brown, Watton, N.S., says: "I cannot recommend Baby's Own Tablets too highly. I have found them invaluable for the ailments of little ones." Mrs. Brown's testimony is the same as that of thousands of other mothers who have used the Tablets. To use them once is a sure guarantee that they will always be kept in the home as long as there are babies or young children to be cared for. The Tablets are a laxative—mild but thorough in action—which never fails to regulate the stomach and bowels; relieve constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. In fact you banish all the minor ills from which little ones suffer. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Trade With Germany

Satisfactory progress, it is understood, is being made in the arrangements for a trade agreement between Canada and Germany. Two representatives of the German Government have been in Ottawa in consultation with the Dominion Government. Exports from Canada to Germany in the last calendar year were exceeded only by those to the United States, the United Kingdom and Japan.

Miller's Worm Powders destroy worms without any inconvenience to the child, and so effectively that they pass from the body unperceived. They thoroughly cleanse the stomach and bowels and leave them in a condition not favorable to worms, and there will be no revival of the pests.

Flower Seeds From the Old Land
British settlers will be provided with flower seeds from the Old Land through the kindness of the Hon. Lady Cecil. It is announced by Walter S. Woods, superintendent of the Lands Settlement branch of the Alberta district. In making this arrangement through the Royal Horticultural Society, Lady Cecil is carrying out a promise she made in Western Canada last year.

W. N. U. 1677

"Should be in every home" Says Mme. Villemaire

Three years of stomach and kidney disorders wrecked her health. Now fully recovered and feeling splendid, she thanks Tanlac

Mme. Eliza Villemaire lives at 432 St. Patrick Street, Ottawa. She is ruddy and robust, showing no signs of the distressing ordeal she went through for three years. "No words can express what I suffered," she said recently. "At times I thought my back must break, and I could not even stoop over to set the table. My stomach was just as bad, for food would lie there like a lump of lead. I used to bloat terribly, and at times could hardly catch my breath. Nervousness kept me awake half the night. I tried many remedies and treatments but though I spent a small fortune on them, nothing seemed to help me."

"I only wish I had taken Tanlac when my trouble first started for it certainly would have saved me a lot of suffering. The way my troubles disappeared after taking it was almost magical. It built me up and made me a new woman. Now my kidneys never bother me, I am free from all pain and my digestion is splendid. If

I had my way I'd put Tanlac in every home in Canada. That's how much I think about it."

Don't neglect nature's warnings. At the first sign of trouble, take Tanlac, nature's own tonic, made from roots, herbs and barks. Your druggist has it; get a bottle today. Over 52 million bottles sold.

Soundproof Room In London Ear Hospital

Silence Chamber Provides Ideal Conditions for Testing Deafness

In the basement of the new Royal Ear Hospital, London, which has been officially opened by Neville Chamberlain, Minister of Health, is a chamber which is unique in this country known as the "silence room." The walls, floor, and ceiling of this room are so constructed as to be impervious to external sounds, so that exact tests of degrees of deafness can be made in ideal conditions. It is claimed that the beat of the heart and the flick of the eyelids, when quickly closed and opened, can be heard. In declaring the new hospital open Mr. Chamberlain said that a special form of treatment—namely, ionisation had been particularly valuable in ear diseases. Sixty or seventy per cent. of school children could be shown to be capable of being cured if they received ionisation treatment in good time.

Going fishing—take Minard's Liniment.

Will Design Memorial

Queen Alexandra Monument is to be Work of British Sculptor

The memorial to Queen Alexandra, designed by Alfred Gilbert, British sculptor, will typify faith, hope and charity.

The Queen Alexandra monument will occupy a position close to the Marlborough House, from where for more than 30 years Queen Alexandra conducted a gracious leadership in British society.

It is understood that the many requests for an official biography of the late Queen Mother have not been favorably entertained, although it can hardly be denied that her late Majesty received only scant attention in the authorized biographical works of the late King Edward.

Tramps never deliberately go to the dogs.

Greater Precaution Needed

Toronto Records Show Pedestrians Responsible for Many Street Accidents

As a general rule, the motorist is blamed when a pedestrian is struck by a car. The report of Toronto's Chief Constable for 1926 shows that of cases which came to the attention of the police the motorist was apparently at fault in 203 and the pedestrian in 598 instances. There were 129 cases where responsibility could not be determined. Obviously the necessity is for the exercise of greater care all around.

An Oil without Alcohol.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Electric Oil, and there is no alcohol in it, so that its effects are lasting.

There's nothing bores a bore more than to have another bore talk so much about himself that the first bore hasn't a chance to talk about himself.

One tall can (with an equal quantity of water) gives you 4 cups of pure, full-cream milk. Always use it in baking.

Borden's ST. CHARLES MILK

Free Treatments For DEAFNESS

Head Noises from Nasal Catarrh

Hearing Restored

I have an original home treatment for deafness and head noises from nasal catarrh which I want every sufferer to try free—without obligation. For many years I suffered from catarrhal deafness and head noises. I perfected a treatment which completely restored my hearing. I gave it to others and they were able to hear again. Since that time, hundreds have used it successfully.

Dr. W. O. Coffee

This Is FREE

I feel so sure that this treatment will restore hearing and end head noises from nasal catarrh that I want every sufferer to try it free. I want to prove at my expense that the results are quick and convincing. It is the best treatment that I have found in 42 years' practice as eye, ear, nose and throat specialist.

25,000 Treatments To Be GIVEN AWAY This Month

These treatments cost you nothing. The results are quick and convincing. You will feel the difference the first day. I have found that 90 per cent. of the cases of deafness and head noises are caused primarily by nasal catarrh. It often affects the stomach, causes rheumatism and many other troubles. Usually one ear is affected first, the deafness grows worse with every severe cold until the other ear is affected. My original home treatment will stop all this. I have restored hearing in many extreme cases; one woman had been growing deaf for 40 years; a man 56 years old who had been deaf for many years can now hear again. Hundreds of other instances similar to these have told me of the treatment's success.

TRY IT FREE

In addition, I will send you absolutely free my new book on Deafness, Head Noises and Catarrh. It discusses fully the curable and incurable kinds of deafness. Write today for this free test treatment. State if you are deaf, have head noises or just nasal catarrh or head catarrh. Write or print your name plainly. Do not delay. This notice may not appear again. For 30 days I am going to give away 25,000 free treatments.

DR. W. O. COFFEE, Suite 2112, St. James Hotel Bldg., Davenport, Ia.

ALBERTA COAL QUESTION IS UP FOR DISCUSSION

Ottawa.—Confidence was expressed by Hon. Charles Stewart, Minister of Interior, during a debate in the House of Commons, that if the Board of Railway Commissioners found the cost of transporting Alberta coal to Ontario was not more than \$7 a ton, this rate could be put into effect immediately, by Order-in-Council, without waiting for another session of Parliament.

The Minister agreed that to enable Alberta coal to successfully compete with American anthracite in the markets of Ontario, a \$7 ton rate was necessary, and intimated that if the board found the cost to be greater than that, the Government would be prepared to grant assistance in order to make the transportation of a million tons a year of Alberta lignite into Ontario economically feasible. The government would take the same view in this matter as it had in granting assistance to the Maritimes.

The question of unemployment in the coal industry in Alberta was brought up by E. J. Garland, U.F.A., Bow River.

Hon. Peter Heenan, Minister of Labor, said he had received several telegrams with respect to the situation in Alberta. Immediately upon receipt of these communications, he had sent a man to the mining fields in that province to study conditions. Mr. Heenan assured the House that so far as he was concerned he was doing everything possible.

U.S. Air Mail

May Permit Canadian Stamps to Be Used in Future

Washington, D.C.—Prepayment in Canadian stamps of the special fee of 10 cents for the United States air mail service will be arranged for Canadians, if there is any demand for the service.

Discussing informally the extension of the U.S. air mail to Canadian mail matter, Postmaster-General New stated here that he saw no reason why Canada could not be given some arrangement whereby Canadian stamps could be used for the extra 10 cents postage on matter to be transported by air. At present, while the ordinary postage of two cents can be prepaid in Canadian stamps, it is necessary to buy United States stamps to prepay the extra fee. It is understood that Canadian authorities have not asked for such an arrangement. No figure could be obtained here as to the number of letters being sent by people in Canada by the air mail route which now operates from coast to coast in the United States and is said to save from one to two days on ordinary postal routes.

South African Flag Question

Basis of Solution Believed to Have Been Found

Capetown, South Africa.—The Cape Town Government newspapers welcome the report of the conference between the government flag committee and representatives of South African independent flag committees, as the basis of a solution of the flag question.

The opposition press, however, generally views the reports unfavorably, and strongly recommends the withdrawal of the flag bill this session.

The conference adjourned until May 19, with independent representatives leaving to secure approval of the new design presented by the government—a flag with the cross of St. George on a green background divided into quarters.

Japan May Send More Ships

Tokyo.—Japan's huge fleet already in Chinese waters, is expected to be augmented soon by four more destroyers. Various vernacular newspapers are urging the government to assume a firmer attitude toward China, but the government is insisting on maintenance of its present attitude, although announcing that necessity may cause an alteration at any time.

Royal Competitors At Ottawa Show

Prince of Wales and Spanish Prince Are Sending Exhibits

Ottawa.—Held to the thrones of Great Britain and Spain will vie with each other at the world's poultry congress being held here from July 27 to August 4, of this year. H.R.H. the Prince of Wales recently announced his intention of exhibiting some live birds from his farm in Cornwall, England, and word has been received that H.R.H. the Prince of Asturias, heir to the Spanish throne, intended exhibiting some fowls from his own poultry farm. The birds from the Spanish Crown Prince's farm will be the feature of the Spanish national exhibit.

Ernest Rhoades, congress secretary, received word from Prof. Salvador Castello, in charge of the royal poultry school at Arenys de Mar, Spain, that the Spanish national educational exhibit was being forwarded on May 15, and that the live bird exhibit would be sent via Cherbourg on July 14. An exhibition is being held in Madrid on June 29 at which will be chosen the birds to represent Spain, in addition to those from the royal farm.

The Spanish government, which has taken three spaces at the congress exhibition, with a total frontage of sixty feet to a depth of thirty feet, states that it is prepared to leave its exhibit in place for Central Canada exhibition. Twenty official delegates are coming from Spain.

Supplementary Estimates

Grants for Maritime Provinces as Recommended by Duncan Report

Ottawa.—Supplementary estimates for 1927-28 were tabled in the house by Hon. J. A. Robb.

The total is \$11,648,261.12, of which \$638,823 is chargeable to capital account, the balance \$11,009,438.12 being chargeable to Consolidated Revenue fund account.

Provision is made for grants to the Maritime provinces pending consideration of provincial subsidies. Nova Scotia, \$875,000; New Brunswick, \$600,000; Prince Edward Island, \$125,000, a total of \$1,600,000, as recommended by the Duncan report.

Flat increases for the civil service are provided in an item of \$2,700,000.

An amount of \$500,000 is included for the purchase of land, buildings, equipment and furnishings for combined residence and offices for the Canadian legation at Washington, D.C.

A further grant of \$50,000 is made towards expenditures in connection with the World Poultry congress to be held in Ottawa this summer.

There is \$15,000 to provide for a trial shipment of Alberta domestic coal to be made by rail and lake under the supervision of the Dominion Fuel board, provided one-third of the total cost of the government is borne by other governmental, municipal and private organizations.

Start Anti-British Movement

Native Section of Shanghai May Declare Boycott

Shanghai.—A definite anti-British movement which may take the shape of a boycott similar to those recently declared at Canton and Hong Kong, was launched in the native section of Shanghai.

A great anti-British league was organized at a meeting attended by representatives of the Koumintang (Cantonese political party), the women's association, the Tramworkers Union of the International Settlements, the Telegraph Operators Union, students of the Shanghai University and others.

Work Should Be Divided

Vancouver.—That the building of vessels by the Canadian Government Merchant Marine for the new service to be inaugurated between Canada and the West Indies "should be divided proportionately between the Atlantic and Pacific shipyards" is the recommendation contained in a resolution passed by the Vancouver board of trade and forwarded to Sir Henry Thornton, president of the Government line.

WAGE INCREASE IS SOUGHT BY C.N.R. EMPLOYEES

Montreal.—The board of conciliation, recently appointed to consider wage increases for more than 20,000 railway employees of the Canadian National Railways, convened here. The board is composed of W. J. Donovan, K.C., chairman, Winnipeg; Howard S. Ross, K.C., Montreal; representing the men, and Peter White, K.C., Toronto, acting for the railway.

Of the 20,000 men, 18,000 are employed in various classes of work, including office clerks, passenger station employees, stores and stationary workers, shippers and stationary engineers and firemen. They are seeking a \$20 a month increase in pay for monthly-rated men and 10 cents an hour for those working on hourly pay basis.

The remaining 2,000 employees are parlor, sleeping and observation car service men. This class requested a 12 per cent. increase and a uniform wage schedule. At present they are working on four different schedules, the result of various amalgamations effected by the National system in the past few years.

Provinces Not Included In Government Grant

Appropriation for Diamond Jubilee Celebration is for Ottawa Program Only

Edmonton.—If Alberta puts in a diamond jubilee celebration of Confederation it will have to be at its own expense, according to an Ottawa ruling just received by the government. The appropriation by the Federal parliament is to be spent in full by the Ottawa committee, for its own program. There being no intention to allocate any portion of the quarter million grant to the several provinces.

Miners Appeal For Relief

Ottawa.—An appeal from the miners of Lethbridge that the Government take some action to relieve the situation there as a result of the mines being closed, was read in the House of Commons by Hon. Hugh Guthrie, Conservative leader. No action was taken on it.

Twenty Drown in Boat Accident

Tokio.—More than 20 persons were drowned near Fusan, Korea, when an overloaded ferry boat capsized. There were 200 passengers on the boat. While a number were still missing, the authorities stated they believed the majority of the passengers were rescued.

Bank Messenger Robbed

With Police Close By Bandits Escape With \$13,000 in Cash

Niagara Falls, N.Y.—Two armed bandits held up and robbed Francis McMahon, messenger for the Cataract National Bank, in the main post office and escaped with about \$13,000 in cash.

McMahon had just stepped from an armored bank car under police guard and entered the building when the men covered him with guns at the door of Postmaster Frederick G. Newell's office, took the bag of money he carried and speeded away in an automobile bearing an Ontario license.

When he jumped out of the armored car McMahon ran into the post office. Patrolman Angus McIntyre, one of the three policemen guarding the armored car, left the machine and followed the bank messenger into the building. McMahon collided with him at the door as he was running out to give the alarm.

McIntyre ran across to the door through which the bandits fled and fired two shots as the machine sped away from the curb. Neither hit the bandit car, it is believed.

Protest From Alberta

Claim Immigrants Unfit for Farm Work Become Public Charge

Edmonton.—A protest against the dumping of Swiss and other European immigrants in Alberta cities and towns has been made by the Provincial Government. Acting Premier George Hoadley has wired Robert Forke, minister of Immigration, calling his attention to the fact that men are being brought here ostensibly as farm workers, who are actually in the unskilled labor class and unfit for work on the farm.

With no provision made for them on their arrival here and with a scarcity of the sort of work they are able to do they are in most cases thrown upon the public for support and it is this phase of the situation that the Government is protesting.

Canadian Takes Caruso's Place

New York.—Edward Johnson, of Guelph, Ont., is in Caruso's shoes, literally and figuratively. Already hailed by John McCormack as the greatest tenor of the day, Mr. Johnson appeared as "Radamas" in "Aida" at the Metropolitan opera house wearing Caruso's costumes—a gift from the widow as a tribute to the art of her husband's successor.

Made Honorary Life Member

Vancouver.—Viscount Willingdon, governor-general, was made an honorary life member of the British Columbia Institute of Journalists when he and Lady Willingdon were entertained by members of the institute.

NEW PROBLEMS ARE NOW FACING THE CANTONESE

Shanghai.—Serious reverses on the Yangtse battlefield and outbreaks of fierce factional fighting at Shanghai and elsewhere between moderates and radicals are problems now facing the Cantonese, who only a few weeks ago were hammering northward in a definite threat on Peking, seat of the Northern government.

The factional controversy between the military and moderate wing of the Cantonese regime and the civil and radical wing, which has its seat at Hankow, rumbling for many weeks, flared into active conflict when plain clothes men, acting under direction of General Chiang Kai Shek, Cantonese generalissimo and leader of the moderates raided the headquarters of the Cantonese red labor unions in Shanghai, Hangchow, Nanking and Amoy.

Fighting resulted and in Shanghai 12 persons were killed and many wounded in the various struggles. The raiders, armed with machine guns, pistols and bombs, attacked every known union centre, in one case bringing up field guns to overawe 350 laborers. In one building about 600 laborites were arrested.

Similar raids were carried on in Hangchow, Nanking and Amoy, although there was comparatively little fighting in the latter places.

Problems Of Smuggling

U.S. Prison Made Goods Finding Their Way Into Canada

Toronto.—R. P. Sparks, chairman of the Commercial Protective association, gave further evidence before the federal customs commission, here. He dealt first with the importation of prison-made goods into Canada. This created a most "offensive competition," but no adequate system of prevention had been established. Last year said Mr. Sparks, \$60,000,000 worth of prison-made goods had been produced in the penal institutions of the United States. As the labor organizations and other interests objected to the sale of these goods in the United States open market, a proportion of them found their way into Canada. This had been proven thoroughly at Rock Island, Quebec, said Mr. Sparks.

"What the preventive service needs is brains, and not brawn," declared Mr. Sparks, this morning. Ten expert men, he believed, would do more to solve the problems of smuggling than an army of untrained officers.

The efforts of his organization were not directed against petty smuggling, he said.

"But the man who, under cover of darkness brings in a truckload of silk is a criminal," he declared. True, the petty smuggler broke the law, but his offence might be regarded in the nature of a moral lapse, while that of the big commercial smuggler was a deliberate crime. The real deterrent was a jail sentence, not a fine, he said.

"What you recommend is rigid, swift, impartial enforcement of the law," interjected Chief Commissioner Brown.

"Yes," said Mr. Sparks.

Plane for H.B. Work

Veterboro Airport, N.J.—Lt. T. A. Laurence, of the Canadian Air Force, took off for Halifax in the first of six Fokker aeroplanes purchased by the Canadian Government for extensive survey work on Hudson Bay and Hudson Strait. The other five machines are to be delivered before June.

Erecting New Wireless Station

Calgary.—Erection of one of the most powerful broadcasting stations in Canada, at Red Deer, Alberta, is announced by the Alberta Pacific Grain Company, which operates 255 grain elevators in Manitoba, Saskatchewan and Alberta.

Partial Agreement With Soviets

Paris.—The Soviet and French representatives have reached a partial accord on the question of the Russian debts to France. The Soviets propose in principle to pay an average of 60,000,000 gold francs annually for 62 years.

Why Lambs Leave Home

Fifty-three mountain sheep left their native haunts at Banff recently, and were shipped by Canadian Pacific Express to their new home at Kamloops. The consignment, which was the result of a month's trapping operations carried on by the Royal Mounted Police wardens, was made at the request of the government of British Columbia, to restock localities where the numbers of mountain sheep are depleted.

Visitors to Banff who flock to the spot on the Banff-Windermere highway known as "Sheep Point" for the purpose of "snapping" Mr. and Mrs. Sheep will not notice that their band of woolly friends has lessened. As a matter of fact, the sheep have increased so rapidly, that the author-

ities welcome the chance to ship some to British Columbia; for an increase in the number of sheep means an increase in their natural enemies, the coyote and the mountain lion, and the wardens have about all they can handle hunting and destroying these pests, as it is.

The sheep trap, into which the unsuspecting sheep is lured by a lump of salt (a great delicacy) is erected of poles on the lines of a bird trap. His mouth watering, the sheep enters the trap only to find that the door has closed behind him. Later men appear with crates, and his only alternative is to enter. The sheep does so docilely enough, although an old battling ram occasionally causes a bit of trouble and it is necessary to rope him.

Golf Notes

So far as present indications would show, the Didsbury Golf Club fair to be again successful this year. Already a quite satisfactory matter for congratulations.

Last year, it will be remembered, quite a bit of work was performed on the course by a few of the members, but less known perhaps was the fact that the experience connected with this work was largely met by private levies—principally upon those who did the work. This fact, possibly may not have been appreciated to its full when the preliminary work was accomplished.

Whether this fact was known or not, it is to be hoped that the announcement now made may inspire others to do likewise.

There is much work to be done on the course, and the co-operation of all is essential if the ground is to be in satisfactory condition for play.

The ladies of the town, it would appear have beaten the masculines "to it," and with an organization of fifteen or sixteen members now look down from their pinnacle of accomplishment with a satisfactory feeling of superiority.

This is not all, but "Let it not be whispered in Gath." The males are showing some concern lest the superiority of the gentler sex may not be shown in a wider sphere of action.

If the president of the Didsbury Golf Club would only break into verse we would probably get something like this:

Didsbury boys, to you I call,
The invitation is to all,
The road is straight, the course is
Didsbury boys! Come volunteer. (clear)

But the critic would possibly butt in here with—

Now some of them were willing,
While others they hung back,
To work upon the golf course,
They haven't got the knack.

That critic, however, one feels is unduly severe imbued with the community spirit, one would prefer picturing to himself the golf course being a hive of activity.

With the passing of winter and the advent of spring one's thoughts automatically pass to the "great outdoors."

The icy fingers of winter seem to have a benumbing influence on one's faculties of spring and the first breath of spring is always hailed as an indication of deliverance tempting the householder to explore anew and maybe develop that little stretch of country from the sidewalk to the lot line.

Here within a small compass one can watch with ever increasing delight the "unfolding of nature," and if he is heedful and thoughtful learn much that will be advantageous to his present and future state.

This is the time of the year when the curfew puts away vain thoughts of the past and

WHY NOT Buy The Best Sherwin-Williams Paint

Will go further than any other Paint and cost no more.

We have a full stock of
House and Barn Paint

handles the shovel with determination.

"Clean-up" time has arrived and with it a new schedule. "Go to it boys, the town needs it."

Crowd the golfcourse but don't forget the rolling pin and the garden hoe.

Each has its place Messrs. Jiggs and Gump to the contrary, contrary.

LOCAL AND GENERAL

Mrs. Lowrie has gone for a visit to the coast.

Sid Watt has been seen sporting a new Chrysler.

C. J. Wrightson has bought Ivan Weber's house and moved in last Monday.

Many a man falls into debt, but the process of getting out is usually one of crawling.

Roger Barrett has just received a car of "Fords" and a car of John Deere tractors.

It is reported that W. A. O'Brien and J. A. Tittsworth are cutting lodged grain and are fairly successful.

Misses Winnifred Studer and Edith Chambers, on a visit home for the Easter holidays, have returned to resume their studies at Mount Royal College.

Kendrick and Good shipped a car of cattle to Toronto this week. They also shipped a double deck of hogs to Portland, Ore.

On Wednesday, April 27, there will be shown Colleen Moore in "Irene." As a play it stayed two years on Broadway—as a picture it has lost none of its original interest, as has been testified by the many thousands who have seen it throughout the country.

Mr. and Mrs. Percy and daughter, of Innisfail, in returning from Calgary on Tuesday, and when about five miles south of Didsbury, was dazzled by the lights of an approaching car, and his car swerved into the ditch, turning completely over. Luckily no one was hurt.

The local Opera House has been successful in procuring for Saturday, April 23rd, a special attraction in "The Night Cry," showing the wonder dog of the screen, Rin-tin-tin. No doubt you have heard of this picture and know what is in store for you. Don't miss it.

SCHOOL FAIR AT OLDS

At a meeting of the executive of the Community Hall School Fairboard, and the representatives of the School of Agriculture at Olds, held Saturday, April 16th it was decided to hold the School Fair at the Community Hall for 1927, owing to the fact that no schools west of town joined up, leaving the hall more central. The fair will be held on September 2nd, and the sum of \$243.85, in addition to sport prizes, will be awarded. Keep the date open and let us give the children a real day out.

Live stock will be judged with halter or in crate.

TRUTH—

- Can be silenced or suppressed, but never killed.
- Can be delayed, but never permanently sidetracked.
- May be uncomfortable, but it is never so dangerous as a lie.
- May be stubborn, but it does not have to change its story.
- Is never afraid of time.
- Is always our best defense.
- Will never hesitate at an investigation.

Dental Mutuality.

Two Scotmen by the name of Jock and Angus went into a cafe and ordered lamb chops. The waitress brought them, and Jock started to eat right away. In about ten minutes the waitress looked over towards the table and saw that Angus hadn't started to eat. She went over and said to Angus, "Is there anything else you would like?" He replied, "No."

She waited for about fifteen minutes and saw that he hadn't started to eat so she went over to the table again and enquired, "Mister, is there anything the matter with them lamb chops?"

"No," he said. She went about her work and cleared off another table. When she got through, Angus hadn't started to eat, so she got real sore and went over to him and said, "Mister, if you are not going to eat them lamb chops I am going to clear the table."

Angus said, "Please excuse me, Miss, but Jock is now using the teeth."

An Enemy to the Farmer

Farmers are warned that there is great danger of sawfly damage this year throughout the west, and Calgary is in the infested areas.

Very little effort has so far been made to stem the ravages of this pest by Alberta farmers, and the result is that in some districts entire fields are populated with the grub, and are practically beyond all hope of reclamation and are a serious menace to adjacent farms.

Innisfail Baseball Organized

Baseball Club Away to a Good Start

The annual re-organization meeting of the Innisfail Baseball Club was held in the Elks Lodge Room Thursday last. There was a good turn out of fans.

The chief business of the meeting was the election of the officers for the season which resulted as following:

Hon. President.....Fred W. Bye
President.....Dr. G. C. Wagner
Vice Pres.....Joe deLong
Sec'y-treas.....E. Marks
Manager.....F. Kirkham
Finance Committee—E. Freeman and E. Marks.

Executive—Dr. G. C. Wagner, Joe deLong and E. Marks.

Messrs. Kirkham and Freeman were appointed delegates to attend a meeting of the Rosebud League.

Penhold has intimated that they would like to join the Rosebud League so that this year the league will likely be made up of the following teams: Olds, Didsbury, Carstairs, Bowden, Penhold and Innisfail. This will make an interesting schedule and afford plenty of sport for the fans.

The secretary-treasurer reported that the club was able to break even on last year's operations. The finance committee will be around with a subscription list to start the season off right, and everybody should gladly contribute, as the boys gave us a real good run for our small investment last season.

A Bad Case of Eczema

Are you reading the weekly Canadian letters, telling stories of suffering from skin diseases and how relief was effected? Here is part of a letter from Mrs. E. Gibson, Box 1138, Midland, Ont. Write her if you desire. "I had a very bad case of eczema on my face and neck, also scalp. Could not find anything to give me relief. One small bottle of D. D. D. gave me great relief, so then I secured a large bottle, and I am now without a blemish."

The proof of the pudding is in the eating. When a prescription for skin disease has letters of endorsement from nearly every city and town in the Dominion, surely it is enough to convince the most skeptical.

Relief from itching treatment is immediate. Try one \$1.00 bottle of D. D. D. today on the positive guarantee. And D. D. D. Soap, too.

ASSESSMENT ROLL - 1927

NOTICE is hereby given that the
assessment roll of the Town of
Didsbury for the year 1927 has
been prepared and is now open to
inspection at the office of the Sec-
retary-Treasurer of the Town from
10 o'clock in the forenoon to four
o'clock in the afternoon on every
day which is not a public holiday
except Saturday (and on that day
from 10 o'clock in the morning to
12 o'clock noon), and that any
ratepayer who desires to object to
the assessment of himself or of any
other person must within thirty
days after the date of this notice
 lodge his complaint in writing at
my office.

Dated this 14th day of April,
1927.

W. A. Austin,
Assessor.

Notice of Sale

NOTICE IS HEREBY GIVEN
under Section 48 of The Domestic
Animals Act (Municipalities) that
one sorrel mare about 9 years old,
no visible brands and one bay
mare yearling colt, no visible
brands, was impounded in the
pound kept by W. J. Scheidt loc-
ated on the N.W. 1-4 Sec. 16, Twp.
31, Range 1, on the 17th day of
March, 1927, and that the said
animal was sold on the 28 day of
March, to Daniel Reinhardt of
Didsbury, and that said animal
may be redeemed by the owner or
on his behalf within a period of
thirty days from the publication of
this notice in The Alberta Gazette,
upon payment of all fees and costs
due to the municipality and the
purchaser of said animal.

For information apply to the un-
dersigned

Municipal District of Mountain
View. No. 310. Post Office Dids-
bury, Alberta.

Wheat Pool's Pacific Terminals.

Under the terms of a lease recent-
ly agreed upon between the Wheat
Pool and the Vancouver Harbor
Board, No. 2 Terminal Elevator at
Vancouver, owned by the Canadian
Government, will pass to the con-
trol of the Alberta Wheat Pool on
August 1st, 1927, for one year, at
a yearly rental of \$100,000. This
terminal has a capacity of 1,500,
000 bushels, and cost in excess of
\$2,600,000.

No. 1 terminal was leased to a
private grain man at an annual
rental of \$145,000 a year. It has
a capacity of 2,100,000 bushels.

The securing of the lease on No.
2 terminal elevator provides the
Pool with a total terminal capacity
on the Pacific Coast of 2,750,000
bushels. The Prince Rupert ter-
minal has a capacity 1,250,000 bu-
shels.

With 142 line elevators in Alber-
ta and two big terminals at the
Coast, the Alberta Wheat Pool will
be in a better position to more ad-
vantageously handle its members
grain.

C. M. Hall general manager of
Alberta Pool Elevators Ltd., and
W. J. Jackman and Lew Hutchin-
son, directors of the Pool, are in
Winnipeg this week negotiating
with private elevator companies
who offered for sale country eleva-
tors at certain points in the pro-
vince, where the Pool wishes to
serve its members with Pool eleva-
tors.

The Alberta Wheat Pool has
loaded twenty-ships with wheat
from the 1926 crop at Prince Ru-
pert and expects to bring the total
up to twenty-four before the crop
movement is ended this spring.

The Alberta Pool terminal at
Rupert has already handled 5,188,
000 bushels and the total will reach
5,788,000 bushels within a few
weeks. This is a larger total than
was anticipated last fall.

The Prince Rupert house was
built and is owned by the Cana-
dian Government, has a capacity of
1,250,000 bushels and is probably
the fastest handling terminal on
the coast. It is under lease to the
Alberta Pool for a term of two
years. Joseph Bennett is superin-
tendent of this elevator.

Through the Pool's extensive op-
eration, the ocean freight differ-
ential has disappeared and grain is
shipped to Europe from Prince Ru-
pert at the same rate as from Van-
couver.

Of the twenty-four ships already
loaded or committed, six carried
grain to the Orient and eighteen to
Europe.

Previous to the Pool leasing the
Rupert terminal, no wheat had
been shipped from that port.

NEW WHEAT POOL CONTRACTS

The Alberta Wheat Pool has
not issued any new contracts. A
report that these new contracts
had been issued is erroneous.
Members of the Wheat Pool will
receive these in due course, but
in the meantime are advised not
to pay any attention to rumors
regarding this matter. The new
contracts will be for a period of
five years from the date of the
expiration of the present con-
tract. Present Pool members
will not be charged any fee
signing the new contracts if
signed before August 1928.

Buy Alberta Ranch

Mennonites Secure Famous Oxley Ranch in Northern Alberta

Mennonites have bought the historic Oxley ranch, near Stavely. This ranch was established by English capital when the whole south country was open range. The Mennonites, who made the purchase through the Canada Colonization Association, will devote themselves to mixed farming. They have acquired extensive holdings in Alberta during the last two years as a result of the success of the earlier settlers of their religious belief.

TONE UP THE BLOOD AND NERVES NOW

Dr. Williams' Pink Pills Have No Equal for This Purpose

Anaemia, or lack of good blood causes not only pale faces and white lips; it is the root of many pains and ills. It is the cause of shattered nerves, headaches and backaches, and the always tired feeling from which so many women and girls suffer. To regain new health and strength the blood should be enriched through the tonic treatment with Dr. Williams' Pink Pills. This medicine has brought new health and strength to thousands of weak despondent people.

Among those who have found new health through the use of this medicine is Mrs. Gregory J. Murphy, East Ship Harbor, N.S., who says:—"I bless the day I heard of Dr. Williams' Pink Pills. Before I began their use I was in a rundown and very weak condition. The least exertion would leave me breathless and tired out. Housework was a trial, and at times I felt very despondent. A friend advised me to try Dr. Williams' Pink Pills and I got six boxes. I had not been taking the pills very long until I began to improve in health, and continuing their use they restored me to my former good health. I also gave the pills to my daughter, who was anaemic and run-down, with the same good results. Now I always have the pills in the house, and would not like to be without them."

Get a box of Dr. Williams' Pink Pills from your druggist today, or send 50 cents to The Dr. Williams' Medicine Co., Brockville, Ont., and a box will be sent you post paid. A little book, "Building Up the Blood," which explains the treatment, will be sent free on request.

Mr. Grump—"Your shoestring's untied."

Mr. Layzee—"I know, but I never bother with 'em after supper—too near bedtime."

"MY HEAD DOESN'T ACHE ANYMORE"

—says Miss Gladys Hollis of Montreal. I suffered for years with terrible pains in my head, thought I would die. I was so miserable. I tried everything, until at last I find your pills keep me free from headaches and I now feel well and happy. I am telling all my friends about them."

Gladys Hollis

CARTER'S LITTLE LIVER PILLS will relieve Constipation, Heartburn, Drowsiness, Bilioussness, Nausea and indigestion and improve a bad complexion. They are purely vegetable, do not contain Calomel, Mercury or habit forming drugs. They move the bowels free from pain. Take them tonight. Druggists, 25c. & 75c. red pkg.

W. N. U. 1677

WORLD HAPPENINGS BRIEFLY TOLD

Japan's recently revised plans call for the expenditure of \$150,000,000 in railway improvements in the next 12 years.

A vote of \$499,000 to provide for the radio telegraph service and for the construction and maintenance of radio ship to shore stations passed the House of Commons.

Another 2,500 buffalo from the Waluwright Park will be removed to the Northern reserve on Slave River this summer, stated Col. J. K. Cornwall on his return to Edmonton from Ottawa.

A bill to amend the Shipping Act was passed by the House after several members had approved of the bill but advocated a general revision of the Canada Shipping Act as a whole.

The Government will probably introduce legislation at the next session of the House of Commons respecting financial assistance to settlers on crown lands, it was stated in the House.

Sweden and Austria have exchanged final ratifications of a treaty making war illegal under all circumstances. Sweden has concluded similar treaties with Norway, Finland, Denmark, Poland, Belgium, Czechoslovakia and Germany.

Delegates from nearly a dozen countries and representatives of many interested organizations were in Honolulu for the opening of the Pan-Pacific Conference on education, reclamation, rehabilitation and recreation. Among the countries which sent delegates were Canada, the United States, Mexico, Peru, Australia, Panama, China, The Philippines and Salvador.

A Smart Daytime Frock

Exceedingly smart is this daytime frock. The skirt has an inverted pleat at each side of the front and is joined to the bodice having a panel effect while the sides are slightly gathered to a band. A belt fastens at the side seams and extends across the one-piece back. There is a becoming convertible collar and the sleeves may be long and gathered to narrow wrist bands, or loose. No. 1559 is in sizes 38, 40, 42 and 44 inches bust. Size 40 requires 3 1/2 yards 33-inch material, or 3 yards 54-inch. Price 20 cents the pattern.

Every woman's desire is to achieve that smart, different appearance which draws favorable comment from the observing public. The designs illustrated in our New Fashion Book are originated in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

Tinting Tips

Here's the secret of giving lingerie, stockings, etc., the most gorgeous tints. All tints are really colors. So use real dyes. Get an envelope of the actual dye powder at any drugstore, for fifteen cents. Do your own diluting, which saves money and gives you the exact shade you want.

Diamond dyes do perfectly beautiful tinting—in cold water. A dip, and it's done. And true dyes don't streak! Dye-tinting doesn't look weak, however delicate a tone you use; nor does it wash out unevenly. When you want the tint to be permanent, just use boiling water instead of cold!

Regular dyeing of all dress materials, drapes, etc., just as easy. Ask druggist for color cards and suggestions. Or, a wealth of ideas in full colors, in new book Color Craft free and postpaid; write DIAMOND DYES, Dept. N30, Windsor, Ontario.

Diamond Dyes

Dip to TINT—Boil to DYE

Explore for Oil

It is reported here that the Anglo-Persian Oil Company, which is practically British-owned, is to open an office at Calgary this spring, from which an extensive geological survey campaign for oil will be carried out.

Sufferer With Severe Backache Finds Relief

Mrs. A. Wilcox Used Dodd's Kidney Pills

Saskatchewan Lady Suffered With a Very Lame Back

Strasbourg, Sask. (Special).—The sterling value of Dodd's Kidney Pills is again shown by the following well known resident of this place. She writes: "My back was so lame that I would hate to move out of a chair when I was sitting down. They were such sharp pains that I had. I took a box of Dodd's Kidney Pills and have not been bothered since. The satisfaction Dodd's Kidney Pills are giving as a remedy for Kidney trouble is shown by the large number of people who keep them always at hand. They have learned that the proper way to avoid serious forms of Kidney trouble, such as rheumatism, diabetes, dropsy and heart disease is to correct the early symptom of Kidney trouble. Dodd's Kidney Pills act directly on the kidneys, healing and strengthening them, they enable the kidneys to strain all impurities out of the blood."

Obtained from all druggists, or The Dodd's Medicine Co., Ltd., Toronto.

Policeman: "Wot are yer standin' ere for?"

Loafers: "Nuffink."

Policeman: "Well, just move on. If everybody was to stand in one place, 'ow would the rest get past?"

For distemper—Minard's Liniment.

A farm one acre in size on the ocean front near the boardwalk at Atlantic City is valued at more than \$1,000,000. Truck produce is grown on the acre each year.

Heart Palpitation Dizzy, Sinking Spells

Mrs. M. A. Gagnon, Donatville, Alta., writes:—"Some time ago I was very nervous, could not sleep at night, often had dizzy, sinking spells and palpitation of the heart, and was so run down I could not do my housework, but just leave everything and sit down."

I spent a lot of money using medicine from the doctor, but it did not do me any good.

At last a friend told me to use and after using a couple of boxes I was not the same woman. I began to feel so much better, and after a few more boxes I was in perfect health. I always recommend them to all those I know who are suffering from heart trouble."

Price 50c, a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON

APRIL 24

PETER AT THE TRANSFIGURATION

Golden Text: There came a voice out of the cloud, This is my beloved Son; hear ye Him.—Mark 9:7.

Lesson: Mark 9:2-10; 2 Peter 1:16-18.

Devotional Reading: Isaiah 61-8.

Explanations and Comments

1. Peter Witnesses the Transfiguration of Jesus, Mark 9:2-4. Six days after the events in the neighborhood of Caesarea Philippi, Jesus took with him his three favored disciples, Peter, James and John (the three who were with him in the death-chamber of the daughter of Jairus, at the grave of Lazarus, and in the Garden of Gethsemane), and ascended a high mountain where he was transfigured before them. Had the disciples been perplexed and anxious during that week. Did that mysterious announcement of their Master's coming suffering and death seem to them so utterly impossible for Him whom they had declared the Christ that they were even faltering in their faith? On the Mount the answer came, and then they knew that, however the mystery was to be explained, their Master was the very Son of God. The Transfiguration with its revelation of glory and power dispelled all despondency.

Jesus was transfigured. The fashion of his countenance was altered, says Luke (Luke 9:29); His face did shine as the sun, says Matthew (Matt. 17:2). It was not a splendor that fell on His face from without, and lighted it up; the glory came from within. Even the face of Moses shone after he had been communing with God on the Mount, and after hours spent in prayer, (Luke 9:29), Jesus would be exalted in spirit and a new light would shine from His face, his whole aspect would be changed. John G. Paton, in his autobiography, speaks of the wonder and awe with which he and his brother would notice the beautiful light on their father's face as he appeared after a time of seclusion when he had been talking with God.

"I take the Transfiguration to be a great lesson in prayer and I urge that more and more it should enter into our life. It is difficult. It will not be accomplished without a strenuous effort to shake ourselves free of the clinging material things, but it is worth far more than all the effort we can make. We are living as if this world were all, and often as if there were no God; and I believe that the constant habit would alter that. It would introduce us to a larger life. It would change our circumstances, but it might change our spirit." —Charles Brown.

A Big Pay Roll

Dominion Government Paid \$74,692,000 to Employees Last Year

The Dominion Government paid \$74,692,000 to its employees in salaries during the fiscal year 1925-26, according to the Dominion Bureau of Statistics—an increase of \$470,756 over the previous year. Payments to permanent employees amounted to \$12,570,163, as against \$10,846,410 the year before, while temporary employees were paid \$14,163,157, against \$15,961,889 the previous year. The grand total of employees increased from 38,885 in April, 1925, to 39,151 in March, 1926.

English Trees For Australia

During the ceremonies at Canberra, the new Australian capital, the Duke and Duchess of York will plant various trees sent out from the Royal Botanic Gardens, Kew—eight beeches, eight oaks, eight horse-chestnuts, six elms, six alders, and six cricket-bat willows.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

Where Mixed Farming Pays

Jersey Cattle and Sugar Beets Make a Good Combination

Sugar beets and Jersey cattle is the combination that W. T. Passey, successful mixed farmer of Magrath, Alberta, looks upon as a better investment than oil stocks. On his 60 acre irrigated farm he has a half a dozen purchased Jersey cows, three of which are milking and putting \$1.50 of milk and cream into the pail every day. This is the net price as it is called for by the customers.

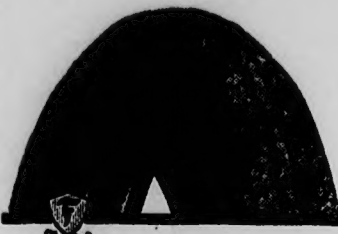

A half section of land in the Magrath district has been sold at \$69 an acre—the highest price recorded in that area for years. The report from Magrath says that most of the land is in summer fallow, ready for crop-plug in the spring.

Many proverbs are the wit of one and the wisdom of none.

Minard's Liniment soothes tired feet.

Scientifically Designed BALLOON TIRE TREAD

Another Reason why Firestone Tires are Beller

WHEN Firestone engineers were developing the Balloon Tire they found it necessary to design a tread altogether different from that which is required by High Pressure Tires.

The projections of the cross-and-square tread are small and the rider strips narrow to permit the tread to cling to the road, giving the greatest non-skid surface. This tough, pliable tread has the wear-resisting qualities that give thousands of extra miles of service.

This flexible tread must be placed on a flexible carcass. To provide for the extra flexing strains Firestone dips the cords of the carcass in a rubber solution. By this process, every fiber of every cord is saturated and insulated with rubber, minimizing friction and wear.

If you want economy, comfort and safety of Gum-Dipped Tires—see the nearest Firestone Dealer.

CHAPTER XXXIII.—Continued

"Don't spend your wits in skirmishing," she challenged him. "What is it?"

He ignored her challenge for a moment while he lighted a cigarette, first offering her his platinum case. When he had evened his light to his satisfaction he went to the fireplace and dropped the burnt match into it. For another moment he puffed calmly. Then turned to face the girl, who leaned back against the table in the corner of the room.

"Would you mind," he asked, softly, deliberately, "telling me what is your general impression of me? Not an analysis of my character, please, but an expression of the quality of your regard for me?"

She replied without hesitation. "I have always distrusted you, but I have never been convinced that I was justified. If I hadn't feared you, I'd have liked you. As it is I am afraid I despise you, at times, because I know you are dishonest—dishonest with me, and with Yvonne who loves you. Is that the answer you want?"

"Not exactly, but it will serve. Suppose I should ask you to become my wife?"

"You used to tell me that you might do that, some day. I've always had an answer ready. I'd never marry you because I could never love you. If I could love you I wouldn't marry you because, by all the laws of decency, you belong to Yvonne whom you allowed to love you before you decided to laugh at her for her pretension, that she would be worthy of you."

He examined his cigarette flame, and then drew in its smoke.

"That establishes our position toward each other," he observed, and was silent for another interval. "But the situation is that you are going to marry me, never the less, because you will have to."

She swayed. Her slender white hand went to her throat again. She knew he was not talking idly. She

Maybe This Contains
A Hint For You

Mrs. Edward Jones

Ardbeq, Ont.—"I have taken Dr. Pierce's Favorite Prescription and was greatly benefited by the use of it. My baby weighed 11½ lbs. when born. I think this Prescription is the best remedy on the market and I hope it will help other poor women the same as it did me. I can't say enough for the good work Dr. Pierce is doing."—Mrs. Edward Jones. You'll soon feel better if you obtain this Prescription at your nearest drug store, in tablets or liquid; or, send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. of tablets.

W. N. U. 1877

had gone through one sort of battle—with Kéllworth; now, she sensed, she was at the beginning of another, and, in some unsuspected way, a more desperate one. She waited for him to go on.

He threw the cigarette into the fireplace and faced her across the table.

"Be pleased to understand the import of what I am about to say," he breathed. "You have wondered where your money came from; you have wondered why it was given to you. I am about to solve for you, at least, a portion of your mysteries."

"I control the source of your money, I guard its secret and its reason and its purpose. I am the one to whom you have made your accounting, the accounting you haven't known you were making in every whim, in every choice of the paths you have elected to follow."

"Your accounting has been fully made. It is totalled up—by me I give made. It is totalled up—by me I give you now, the results. I demand that you marry me."

"I do not say that I love you, for I do not."

"I do not say, even that I respect you, for I despise you, as you have professed to despise me. I shudder before all that you stand for; the abortive pretenses of you, the sham of you, the deceit and cheapness of you."

"Yet I am saying to you that I want you to be my wife."

Joanna had stood as if transfixed. Her eyes widened. The brown deepened to black. The scarlet of her lips became ashen. Her hands were hot with the scalding riot of her blood. Through her brain rang the one phrase: "I am the one!" And in its wake all those other sentences, sharp and bitter, that emerged from his lips like the crashing of cannon on a battlefield, pierced her with the precision of a deadly fusillade. She collapsed into a chair and threw her hands before her eyes as if to shut out a vision.

But Brandon, moving over to her, went on cruelly, relentlessly:

"Of your enormous gift of money you have made a farce. You have used it to enhance—not the world, nor society, but the lure, the sense appeal, the woman of you. You have created nothing with your gift, but love; the kind of love that thrills but is nothing of nobility. You have shown what the kind of girl you represent, shall surely become if given rein."

"But the farce is over, as I said down stairs. The mystery of your money is dispelled—or you may count it as being dispelled. The other mystery, which must exist for a little while, is that despite the frailty of you, I want you to marry me."

"And if you do not, there will be no more money. All that you have will be taken from you—even tonight! Whatever is yours now gained by fraud must be surrendered. You will be Mrs. Twenty-seven of the silks again, if your old job is still open to you!"

"Are you, by any chance, still of the mind not to be my wife?"

The crumpled figure in the chair straightened a little. It tried to rise but sank down again. Its hands fluttered a bit. The girl looked up, at last.

"But I couldn't marry you! It could never be. I don't love you, I said. You wouldn't want me—without! You are playing with me."

"Not playing; very earnest, and final; and definite," he assured her.

"As I said, that is the new mystery for you to be baffled by. As my wife you shall keep your money; more money will be given you perhaps, and you shall, of course, share mine."

Now she gathered strength to stand. She made a little move as if to go up to him, but faltered. Her lips moved as if she were praying for words—words that would save her money, save her dreams, save beauty and luxury and pearls and diamonds and priceless furs—save them and, at the same time, save herself. But whatever her prayers, she heard no echoes of an answer. She turned to go out the door. Brandon, the torturing smile playing, now, about his lips, watched her silently, unmoved.

At the door she hesitated, stood for a minute leaning against the casement looking down into the ribald scene on the dance floor that blurred into a whirling black pool with monsters swimming on the surface.

Suddenly the little body stiffened. A bit of the brown came back into the eyes. Something of the scarlet returned to the quivering lips. She swung around slowly and walked firmly back into the room until she stood so close to Brandon that her body was almost against his.

"I want to keep my money, Francis," she said, her voice quivering but soft and ineffably pleading. "I couldn't do without it now. But I am very much in love with someone else. Very much in love, Francis. And it's the kind of love you would never understand. I don't understand myself. Nor does he—the man, I mean, that I'm in love with. You'll be kind to me, won't you? You'll tell me why the money was given me? You'll tell me what I've done that's wrong, so that I shall not do it again? I'll be anything you say, if I may have my money, the money that has made life so beautiful—with money and my love!"

"Anything I say?"

Before his sudden thrusting back at her those pleading words, she shrank as if he had struck her. Dazed again she heard him saying: "You may have your love, my dear girl. I would not interfere with that. It's you I want, for reasons and purposes of my own; not your love. I know the one you mean; I know the man to whom you've given the love that neither you nor he understands. Give it. Let him have it. Take his in return if you can win it. All of that shall be the bargain—a bargain of today!"

"The morals of today, you know, and the conventions, are not what they were in the yesterday. You are not the girl of yesterday, nor your kind of love the sacrament that it used to be."

"I am asking you to be my wife—only. To give me yourself only. You may give your love where you want it to be received and take whatever pleasure you in exchange. Surely you, who have played the game of lure, will not shrink before the flame you very essence kindles!"

Deep colors came and went across her face. She closed her eyes, and then opened them slowly, to quickly shut them.

(To Be Continued.)

Loneliness of the Great

Cares of Responsible Position Crowd Out Intimate Associations

Premier Baldwin of Great Britain has joined the silent band of lonely men, announcing in a recent speech that with the passing of years he feels extremely lonely. Disraeli, Gladstone, Lincoln, Napoleon, Cromwell and Carlyle all voiced this sentiment. Milton was a lonely figure while writing his greatest works. These modern dictators, Mussolini and de Rivera, are pitiful in their loneliness, for the cares of state have crowded out of their lives cherished associations. — Kingston Whig Standard.

The Oil of Power.—It is not claimed for Dr. Thomas' Electric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learned by experience.

Because a prosperous haberdasher at Chesham, England, prayed behind the counter, and in 1651 sold his shop, distributing the money among the poor, he was known as the "Mad Hatter." Hence the phrase, "Mad as a hatter."

Kill warts with Minard's Liniment.

Occupies Envidable Position

Troubles Concerning Canada Small Compared to Those of Other Nations

Everywhere save in Canada there seems to be unrest and uncertainty. Such troubles as those which concern the Canadian people are indeed as nothing in comparison with those which afflict the older and more congested countries of the world. We have our little domestic squabbles and our little sectional grievances, but they do not amount to much. It is many, many years since any great disaster has overtaken Canada. We have no volcanoes to fear, and all the minor earth shocks, that we feel have their origin thousands of miles away. We are at peace with our neighbors and with the world. We have all of the territory that we want and would not know what to do with any more that we might acquire. We live in no fear of aggression and we do not require the services of a large standing army to maintain our frontiers.

Asthma Cannot Last when the greatest of all asthma specifics is used. Dr. J. D. Kellogg's Asthma Remedy assuredly deserves this exalted title. It has to its credit thousands of cases which other preparations had failed to benefit. It brings help to even the most severe cases and brings the patient to a condition of blessed relief. Surely suffering from asthma is needless when a remedy like this is so easily secured.

Little Helps For This Week

If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.—1 John 1, 9.

What better can we do than prostrate fall Before Him reverent, and there confess Humbly our faults, and pardon beg With tears Wat'ring the ground?

—John Milton.

Every man has two angels,—one on his right shoulder, and one on his left. When he does good, the angel on his right shoulder writes it down and seals it, because what is once well done is done forever. When he does evil, the angel on his left shoulder writes it down, but does not seal it. He waits until midnight. If, before that time, the man bows his head and says, "Gracious Allah! I have sinned; forgive me" the angel rubs it out; but if not, then at midnight he seals the record, and the angel upon the right shoulder weeps.—Persian.

Ignace Ghabin, hangman for the late Czar Nicholas of Russia, is dead in Moscow. He officiated at 615 executions, received \$2,500 annually, and a bonus of \$50 for each hanging.

Church Announcements

EVANGELICAL NOTES.

The Canada Conference of the Evangelical Church is holding its Sixty-third Annual Session in Sebringville, Ontario at present, from April 18th to 25th.

The "Passion Week" services were fairly well attended throughout the entire period. On Easter Sunday the floral decoration of white Easter lilies, roses, palms, ferns and other plants in full blossom, too numerous to mention, added much to the beauty and inspiration of the Easter celebration. The Easter morning attendance was most excellent, with of course some shrinkage in the morning due to the high winds and blowing snow storm which overtook us just before the morning service. In the morning the pastor spoke on the subject of "Christ's Resurrection" and in the evening on "Christ's Ascension." In the latter address it was pointed out that Christ's death, Christ's resurrection and Christ's ascension these three—this trinity constitutes the foundation and hope of our salvation from sin and the grave. His suffering and death on the Cross made a powerful plea for our pardon. His resurrection from the grave made a similar plea for our mortality and His ascension opened the way from earth to Heaven for "every one that believeth."

KNOX and WESCOTT

Sunday, April 24th, Knox church is holding a "Father and Son" service in the evening. The Trail Rangers are in charge and are planning a bright attractive service and everyone interested in this "boy" movement should plan to be present.

WESTCOTT

The Westcott Musical and Literary Club held the last meeting for the season last Friday evening. The program consisted of a lecture illustrated by slides, on the Discovery of the South Pole given by Rev. A. E. Hayes of Didsbury; A dialogue entitled "Three Applicants" in which Harry Steckley was hero, villain and much abused bachelor. Several musical numbers and lastly lunch which lacked nothing in quantity and quality to bring it up to the high standards for which the Westcott women are noted.

We hope the meetings will continue with as much success next season. Can anyone think of anything for the summer months to keep up the community spirit?

Mrs. R. Webster spent a few days in Innisfail.

Mr. Henry Snyder left for the sunnier Southern Alberta on Monday.

Miss Eva Good is spending a few weeks at home after completing a very successful year's studies at the Didsbury Bible School.

Mr. Mackelhardy is working for H. O. Lewtwood.

Weddings

On Thursday afternoon, April 20th, at the home of Mrs. J. Sundburg, Carstairs, two marriages were solemnized by the Rev. M. Ing of the United Church.

Mr. Guy Raymond Sundberg to Miss Florence Myrelda Morrison, nurse at the Didsbury Hospital, daughter of Mrs. Rachel Morrison of Carstairs. Mr. Hugh John Frances, son of Mr. and Mrs. John Frances of Carstairs to Miss Hazel Margaret Sundberg. Immediately after the ceremony the two young couples left for Calgary and Banff on a short honeymoon.

On Easter Sunday, a reception was held at the home of Mrs. J. Sundberg when a large company of relatives and friends sat down to a bounteous repast. A cut glass basket filled with roses, with the two three tiered brides' cakes made an attractive centerpiece for the table. A large number of beautiful gifts showed the high esteem in which both couples were held.

They will reside on farms west of Carstairs, where the best wishes of their many friends will follow them.

Mr. R. Cunningham is building a modern bungalow for Mr. A. C. Wahl west of town.

Postmaster's Demand Higher Salaries

Canadian country postmasters, usually the gentlest, kindest and most unobtrusive of men are on the warpath with a demand for more pay. Like their brethren in the United States, they derive their remuneration, from a commission on the sale of stamps, but the scale of commissions paid in Canada is much below that which operates south of the border.

Under the schedule fixed at Confederation, Canada postmasters were paid 40 per cent. of the first \$800 of their annual stamp sales, 25 per cent on the next \$9,200, and 15 per cent on all over \$10,000. The present commissions are 50 per cent on the first \$1,000, 30 per cent on the next \$89,000 and 20 per cent on all over \$10,000, showing an advance in sixty years of \$130 or 13 per cent on the first \$1,000 of revenue and \$50 or 5 per cent on each additional \$1,000. During the same period the cost of living and wages generally have advanced several hundred per cent., and the duties and responsibilities of postmasters have also been multiplied many fold.

The existing scale works out about as follows: 5,000 postmasters receive the present minimum of \$60 annually, or 20 cents daily; 5,722 postmasters receive over 20 cents, but under \$2 daily. The total number of post offices in Canada is 10,786 of which 10,722 postmasters make an average of 55 cents per day or 5 cents per hour. Of the balance, only 1,000 postmasters receive more than \$2 daily.

The increase which Canadian postmasters are asking are moderate enough, and would still leave their scale of remuneration considerably below that obtaining in the United States. The granting of their request would be a fitting addition to the plans for the celebration of Canada's Diamond Jubilee.

RED CROSS

The Canadian Red Cross Society, Alberta Division, desires to thank the many friends in Didsbury who contributed to the generous gift of \$78.35 sent in by the Didsbury Red Cross per Mrs. Austin.

The needs of Red Cross are many and urgent, and the sympathetic co-operation of the country branches afford much encouragement and assistance in the great remedial work among the sick and crippled children of Alberta in which the society is at present engaged.
